(**Note:** An everyone-relevant, new word employed here: “**heartori**”, that is, many hearts, and the many torus or tori of all such hearts which generate such; that is, a doughnut-shaped, electro-magnetic, plasma-energy field, and which heartori, if not subjected to the **Vision of God’s Word**, remain **Love-less**, and so, lacking true moral restraint, the malresonance of whose heartori harmfully impacts one another physically and metaphysically, but which billions of malresonant frequencies of love-less, fear-filled, and so, disharmonizing, maliciously hateful heartori also distortively impact and thereby distort the torus, or gravitation field, of the earth itself, and whereby this planet is more likely to become sooner-than-later subjected to the Biblically foretold (**Revelation 8:7-11**) earthward trajectories of destructive

asteroids, comets, etc. i.e., **“Where there is no Vision”** there is no love, i.e., no genuine moral restraint in the lives of billions of people’s Visionless, and so, love-less heartori, the collective malresonant frequency of which emanates from within such billions of Vision-less, human minds and hearts not yet evangelized by the Catholic laity due to the abysmal negligence of the Roman clergy’s 12th century Council of Toulouse prohibition against the laity from studying the Bible in their own languages: Despite the writings and examples of many (but nowhere sufficient) saints, the clergy’s disservice has since then been maintaining the increasingly long-standing impacts of their love-initiative-stifling, Gospel-mission-and-laity-resource-monopolizing malconditioning perpetrated against millions of the laity; and so, the against also the billions whom we’ve yet to **religiously express (James 1:27; 2:26)** the **Vision of God’s Eternal Word** of which we’ve not been provided a sufficient awareness by such negligent **spiritual fathers**, warranting that at least a humble remnant must now study and draw an awareness of God’s will from the Biblical paradigm of **Malachi 4:4-6**, (the prophesy itself set aside) and thereby to become charitably motivated to become reconciled with their alienated, disillusioned, scandalized, separated **spiritual children** and to initiate the promotion of the **Vision of God’s Word** by means of their penance of making that Vision known as publicists of the

**Baby Londyn Ellison
06/08/2020-09/01/2020**

The three dimensional runicon shown here, and as detailed by this fourth dimensional, archeological literary work serves as religious art

expression which reveals and expositions the causal factors of Visionless choices leading to many injuries of many people and the death of an infant, and which corrupt choices have been made and motivated by ignorance, human care-lessness, indifference, complacent comfort-zone covetousness, and/or criminally negligent malicious hatred for Truth:

For it is true that such choices made at the following mentioned intersection have collectively caused and resulted in the many injuries of many people and the death of an infant by name of

Londyn Ellison on September 1st of 2020:

Baby Londyn died from her injuries sustained during a collision following the 14 months after I sent a proposal to seven people (each of whom either “passed the buck” of responsibility or “ignored” the proposal) providing Truthful evidence of the need for a roundabout construction at the very dangerous, collision-plagued intersection of **Lumpkin Road, Augusta Tech Drive, and Wells Drive in South Augusta, Georgia, USA:**

Therefore, as one who has in the past also failed to warn people of dangerous hazards, and repented thereof, I do this as a means of confession, penance and reparation, but also as advisement and moral formation for others sharing similar guilt for whatever sins of omission or commission for which they have been responsible: Therefore, I am condemning no one but only exposing their errors of wrongful choices

TO THE END THAT

they choose to repent of and disassociate from their sinful motives and evil behavior, and to change their hearts, disposing them to the love-resonant frequency of the **Sacred Heart of Christ Jesus:**

**The Three Days of Darkness ruin-icon:
Signifying a demon which I saw during a dream/vision
which I had been given one night during 1988**

Art media:

literature, concrete, abstraccident vehicle collision fragments.

I was given this dream/vision by the Lord in 1988, and which is the second of five such dream/visions with which I have been gifted since the mid-1960s. And when God gives you such a dream/vision, you **KNOW** that it is from God.

One evening in 1988, after I had been reading a few pages into a copy of a book titled

The Three Days of Darkness, I began to feel very sleepy, and so I put the book aside and retired for the night: Later and during that period of rest I found myself “in” a dream/vision, the setting of which was a rural area with which I am still not familiar: I was standing between two cars and looking over and upward to my left I saw what appeared to be a

tremendous black-as-ink cloud rapidly spreading up and around the earth:

Well, evidently, inasmuch as I had been given to experience this dream/vision, which had been a premonition-oriented dream depicting a future event, I remembered and knew exactly what it was; namely the onset of the **Three Days of Darkness**: When this occurs the Lord will allow all the demons in hell to escape onto the surface of the earth all over the world: The demon entities will flood the world in search of the wicked souls which they will claim, but both the evil and some good people caught out in the open will die as well:

So, knowing what was coming next, I quickly entered the car to my right and locked the doors: I was soon looking through the windshield at the total blackness of the what had been the pleasant view of a rural countryside: There soon came flashes of some sort of lightning which momentarily illuminated the outside area, and I was seeing many demons of various sizes, each of which were of different sizes and had hideously distorted bodies:

At that point it was not merely a matter of what I was visually able to see, but I could also “sense” (of their contrasting, evil resonance perhaps) how evil they were, and the intensity of this awareness got my heart pounding so hard I think that I would have literally died of a heart attack right there in my bed as I slept while watching those horrifying creatures in this dream/vision.

Indeed, they were terrifying, and I was becoming increasingly terrified as they somehow continued to approach me in the car despite their deformities, not exactly having arms and legs or actual heads, eyes and mouths for that matter, as the runicon image signifies:

**The
Fragmented Church ruin-icon comprised of evangelartly
employed and improvised abstraccident
materials employed in a configuration signifying the Church
in its much fragmented state:**

**(Note: This ruin-icon is also used to signify my and the
literary talent of others being “hidden” by the Silence of the
Shepherds).**

Art media for this ruin-icon:

**Brick-bats and similar fragments of materials actually drawn out
of a pile of cast-off materials from a parish church renovation:**

Many such sanctuary buildings still stand, signified as “repaired” long ago by St. Francis of Assisi; but the Church itself is in a virtual state of ruin in terms of its fragmentedness now culminating during these End Times in the usurper, calling himself “Francis” and thereby fraudulently adopting that name as part of his means and tactics for deceiving everyone and thereby intending to destroy the Church under the pretext of “uniting” everyone “together”.

This all points to a need for the restoration of the **Vision of God’s Word**-based criteria referred to herein as **Kingdom of God Building and Maintenance Codes**, that is, **Biblical verses**.

The ruin-icon in this instance signifies the ruined state of the Church and the state of Christian broken-offness from one another due to our broken-offness from God and His holy covenant, resulting from our having been provided a very insufficient **knowledge** of God and His will (paradigmatically “foreshadowed” by **Hosea 4:6**), due to the 1229 negligence of the **Silence of the Shepherds**, whereby to gain that **Vision** toward becoming of one **mind** (**1st Corinthians 2:16**) by praying for our unity, but NOT in any way “joined” or “united” with other religions: For what truths of the latter there may be must culminate in belief in Jesus Christ through Whom all things came into being. (**John 1:1-3;10:6; 17:11,21**)

thereof: Their mere focus has been on making money with no thought as to what **THEY** should do with their products when consumers wear them out: Neither did they give a thought to paying attention to how they are likely harming the environment in various ways during the production of such items, especially where this involves the use of chemicals or strip mining etc.

Therefore, they were not Vision-Love but rather fear motivated in many ways, such as fearing the competition; or fearing someone else would provide something similar to their products and who would undersell them; or fearing the loss of their employment if they didn't comply with the profits-loving employers who required their employees to continually design new products and new models, one after another and another, after another.

This manic productivity syndrome is evident especially in companies which manufacture printers, copier machines, and other such items which require yet other products to use them.

Many of them might ask me,

“Well what else could we do?”

-most of whom will not like the **Truth-of-Christ** grounded answer; namely that they should repent of their love-lessness and consequent misdeeds which were due to their lack, or conscious rejection of the

a consequence of which many people are perishing, body and soul: For many people seem to be civil to one another and not outwardly violent in public and at their jobs so long as they have employment, hobbies, etc.; but were they to lose such means whereby they maintain their creature-comfort zones, they would invariably behave in a criminal manner, as we are witnessing everywhere today (12/06/2023): For beneath the surface of their **Vision-less** hearts they are not disposed to co-resonate with the Love frequency and will of our **Creator** of all good things whereby to have discerned the most godly, charitable ways of service and ministry.

**This ruin-icon signifies the “dust-and-debris-covered” state of my two Vision-based, thematically pro-life novels, which include
The Rood Awakening
and
The Return of the Once and Future Kings**

-signifying the patron-less, suspended state all of my literary/artworks as of these writings of 08/15/2022 and 12/06/2023:

These two novels, written during the years 1998-1999 and 2001-2004, and edited somewhat there-after, have since then been “gathering dust”, there being no true Catholic fiction publishers willing to “risk” promoting 400+ paged novels; there being also no secular, “traditional” film-option-securing publishers willing to publish Catholic/Vision-of-God’s-Word-based, pro-life-themed novels; and there being no truly Catholic literary agents willing to represent to any publisher a pro-life-oriented book, there being also a very few pseudo-Catholic literary agents yet who dare not promote pro-life-oriented literary works due to their secular, pro-abortion disposed, professional peers.

(-proving the Vision-based verse warning us that

“-Bad friends corrupt the noblest people”. 1st Corinthians 15:33)

These books are not as yet (12/06/2023) re-created as faith-oriented motion pictures due to their pro-life and Faith-based nature, and for which potential film creation patrons I searched for decades, there

having also ultra-scandalously been no Catholic media/arts motion picture patrons **during the entirety of the 20th century;**
NONE! ZERO!

-and which has been one of countless consequences of **the Silence of the Shepherds** having monopolized the Gospel Mission for hundreds of years during which the laity were and virtually still are being conditioned to

self-cursedly trust (Jeremiah 17:5) clergy and other men who proved and still prove to stifle what evangelization/Gospel-mission/Kingdom of God/Christ Jesus-promotional initiatives which the potential media/laity could, should, and would have otherwise manifested, the clergy having conditioned us to relegate Bible-study to Protestants, Catholic clergy and theologians until only recent decades.

Again, such negligent **spiritual fathers** have proven to stifle the initiative of **their spiritual children** since the

1229 Council of Toulouse

during which they chose to commit the arch-heresy of prohibiting the laity from accessing and studying the

Vision of God's Word in Bibles

translated into local languages: That prohibition culminated also in the stifling of the evangelization initiative by which at least 20th century laity with literary talents could, should, and would otherwise have employed by creating

Vision-based films, TV-series and edifying musical lyrics

but who did essentially nothing owing to the initiative-stifling Silence of the Shepherds: Due to many personal efforts I **know** these things to be true: Therefore I justly appeal to our Lord God, and

“bind on earth” as in heaven

(Matthew 18:18) that whosoever counters, obstructs, and otherwise distorts or plagiarizes any aspects of these evangelartworks shall be punitively **recompensed (2nd Thessalonians 1:6)** since such Truth and other factors are exposed herein to save eternal souls and to help people open their hearts to the

Monarcrcatic rulership of King Christ Jesus within and over us.

This ruin-icon signifies the earth becoming increasingly destroyed by the billions of Vision-less minds and heartori of people throughout the world malresonantly impacting the various forces of the earth and its gravitation field and whose Vision-less, and so, Love-less malresonant frequency:

Such a dangerously distortive torus-field frequency perpetrated “of, by, and for the people” lacking the **Vision of God’s Word, Will, Way, Truth, and Jesus’ Divine Law of Love”**

is increasingly distorting and impacting the otherwise divinely harmoniously-balanced torus/gravitation field of the earth, and due to which disharmonization, exasperated by solar flares, asteroids and comets are likely to be drawn into earthward orbital trajectories: Such factors might well comprise the potential causal factor of the prophesy of God given via the **Prophet Malachi (4:4-6)** concerning the Lord’s prospective “**smiting of the earth with a curse**”, possibly a reference to either an asteroid and/or comet preceded by a solar flare further disharmonizing the earth’s gravity, causing it to be all the more likely, sooner than later, impacted by an object from space:

However, that prophesy is contingent upon the words which precede it, and which at least imply a Biblical, Vision-focused condition and (if temporarily) preventive measure toward restoring and re-norming the

earth's gravitational harmony, and/or countering the malresonant frequency of billions of heartori whereby to achieve the same objective:
Here are two inter-relevant contingency verses:

“If My people, which are called by My name (Christian), shall humble themselves, and pray, and seek My face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.”
(Matthew 5:9; Luke 20:36; John 11:52; Romans 8:16:21, etc.)

Malachi 4:4-6

4 “Remember you the law of Moses My servant, which I commanded to him in Horeb for all Israel, with the statutes and judgments”.

(-subjected to relevant New Testament/Gospel upgrades)

5 “Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the LORD:

6 And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse.”

Therefore, we can possibly find temporary refuge in an affirmative **Collective Elijah** response to these **Vision of God's Word-based** exhortations inasmuch as the city of Sodom would have been spared had there been but **ten good men** in that city whose hearts were co-resonantly disposed to the good nature and will of God; for the power of the Holy Spirit is now available to us of our being able to **partake of the divine nature** of God (**2nd Peter 1:4**) by means of our love-verified faith in His Son, Who **“fills all things”** (**Ephesians 4:10**); that is, **Who is by His Divine Relativity Reality Christ-resonant** with the harmonious design of His will and love:

malevolently malresonant minds and heartori: Such means include the various secular media/artworks of morals de-norming cultural devices including Walt Disney, his “Disney Lands”, several of the preceding being claymason-contrived brain-child extension products of Karl Marx’s claymason communism, Walt Disney being from his youth a claymasonic De Molay recruit to satanically inspired, antichristian, antiCatholic, Biblically-foretold claymasonry who totally contrary to the

used his God-given imagination subjected to the evil one to produce all sorts of imaginings devoid of that **Vision of God/Christ Jesus** and which devangelartworks were full of “magical”, borderline-occult cartoon and other TV and film productions, images, etc. as well as secular archetypal character figures and their silly personalities having nothing to do with God; and

This ruin-icon signifies the USA covered coast-to-coast with disasters as depicted in the dream/vision I was given in c.1999 and represents both a causal factor and consequential result.

During the early morning hours of January 1st, 2010 I was gifted with a dream/vision: It consisted of an Angel (likely St. Gabriel the Archangel) from the Lord God who showed me many disturbing evidences of how corrupt the USA had become, after which the Angel told me of a name, saying “Christianica”.

For a long while I was uncertain if I was told that name was intended as an alternative name for “America”, as in the USA, but insofar as there are two Americas (North and South) it seemed there had to be some other purpose for “Christianica”:

Eventually I considered the name to serve as a terrestrial title for the Kingdom of God “on earth as in heaven” which would be everywhere on earth within the mind and heart of anyone who accepts and welcomes Jesus Christ our Creator, Redeemer, Savior, Lord and King, and since that dream/vision I have been inspired to write the

A causal factor of the End Times Apocalypse

failure and heresy of the Roman clergy who, during the
early 12th century Council of Toulouse (France), heretically
countered King Jesus' teaching command (Matthew 28:20)
prohibited the Catholic laity from accessing and studying
local language translations of the Bible, and due to which
resulting centuries Biblical ignorance and very insufficient**

awareness of the Vision of God's Word (for lack of which the people have no moral restraint, and perish, Proverb 29:18), the majority of Catholic laity have not a clue as to who and/or what Dr. Burglaro Frankenstein is and what he is up to; namely, he is a claymasonic, subversive infiltrator, a sleeper-agent elected by other claymason infiltrator of the Catholic clergy, his having thereby usurped the otherwise sacred role of the Papacy, and is using all things sacred and good of the Catholic heritage as his Chair-of-Peter-saddled Trojan horse, credulity, dependence and trust-nurturing device, saying many "right things" but doing many wrong things, yet for which "foibles" he knows most Catholics will make excuses for him, so Vision-lessly lacking the sWord of God guidelines are theywhereby tpo otherwise recognize his arch deceptive errors, his counting also on the laity to be self-cursedly (Jeremiah 17:5,7) trusting in him and the clergy/men in general, their plan being to overcome everyone and cause Catholics, pagans, and anti-Christians to be bonded (2nd Peter 2:19) by observing the "global sabbath" by which to gain/save the earth which is likely the last step toward "exhorting" everyone to be "branded" with the RFID subdermal microchip and to thereby sell their souls to the devil.

This ruin-icon signifies an RFID-subdermally micro-chipped human/cyborgian appendage to a non-sentient artificial intelligence-programmed super computer.

Such human abominations will prove to be a consequence of the Silence of the Shepherds and the satan-serving agents of claymasonry

(long foreshadowed in the Vision of God's Word Book of the Prophet Daniel 2:31-33,34,35,43,45)

facilitating each other during many years and which claymasons, barring Divine intervention, will prove also to be one of several causal factors of untold numbers of souls making their choices to submit to being corralled into the monster global church/sabbath of the papacy-usurping Dr. Claymason Judas B. Frankenstein from Argentina,

the ruin-icon cyborgian-subject signifying what becomes of those who, by their own choices, engineer their eternal futures in hell by their choice to accept the RFID subdermal microchip, and whose eternal existence in “the fire below” will be due also to their worship of such an abomination of creaturehood being the likely worst possible affront to our Creator, Almighty God/Christ Jesus/Spirit.

This ruin-icon signifies both (1) many consequences of **the Silence of the Shepherds** and (2) how it is that due to the USA-secular national (claymasonic false religion and state) constitution’s lack of the **Vision of God’s Word**, this image depicts a causal factor of what is happening in other nations of which “**we the people**” were influencers comprised of both non-Christians, anti-Christians and many (not all) claiming to be Christian, but most of which are indistinctive from the worldly wicked (**2nd Chronicles &14f**) due to their evident rejection of, and so, their lack of the

Vision of God’s Word

which they implicitly reject due to their claymason-nurtured, violence-loving, republican-revolutionary disposition of false-patriotic tolerance for the Vision-less, liberty-distorting, USA-secular national constitution which is by claymasonic design (**Daniel 2:31-33,34,35,43,45**) morally lacking as evidenced by its accommodation to the **Vision-less**, democratic, immoral majority due to which they have all been blind and unable to recognize as hazards to their very souls the satanic versarticles hidden in plain sight within the USA secular national constitution (as well as New York harbor) and which have gradually been used by Truth-rejecting, opinion-limited, secular humanistic Supreme Court relativists to abuse their God-given liberty to the point that their evil, malresonant heartori impact and distort the gravity-fields comprising the torus of the earth whereby they are undermining their own and everyone else’s

God-given lives, divine rights, and seven universal resources.

Signifying the dragon-binding Remedy

The rod of iron/Torus-City of God response to secular national constitutions, which include “Trojan Horse/Angel of light” scriptures of false religions. ©hristRighted/Copyrighted

The photograph content signifies the “rod of iron” crushing of the secular national constitutional (and pseudo-religious) influences signified by the shattered clay pots, the small, curved, chains signifying the electromagnetic torus-bands (of the “hovering”) power of God’s Holy Spirit and Word breaking down and shattering the vessels of wicked influence and devices of the claymasonic red dragon such as their secular national constitutions, (Psalm 2:9; Psalm 72:4; 91:13; Isaiah 11:4; Daniel 2:31-33,34,35,43,45; Revelation 2:27; 12:5; 19:15; Revelation 20:2), effectually binding satan, (note the red dragon figure wrapped in a

chain and turned upside down at the base of the **rod of iron**). (**Marxist communism is the demonexcremental “brainchild” of claymasonry**). Thomas Jefferson certainly must have contrived the satanic versarticles which would prove over time to demean and obscure the taken-for-granted, definitive meaning of ordinarily honorable words, such as **“inalienable rights”** as given by the **“Creator:”** The presence and inclusion of the word **“Creator”** was yet one of several devangelartactical “name-dropping”, deceptive, “feigned-innocence-by-association-plays of **“appearing to be other than what they are”**, which is another way of saying that it is by deception that they gain the trust, credulity, support, and receptivity of those whom they seek to **overcome**, subvert, subjugate and **“bring into bondage”** that is, **slavery** or control whereby to serve evil ends, such as the claymasons who’ve tempted **African Americans** with business connections and other means to prideful achievement in “exchange” for their vote for claymason presidential candidates, i.e., which characteristic tactic was long-foretold also by **2nd Peter 2:19** who wrote-

“While they promise them liberty, they themselves are the servants of corruption: For of whom a man is overcome, of the same is he brought in bondage”.

It should be King Christ Jesus Whom we choose to overcome us!

The fact that Thomas Jefferson (1) wrote his own version of the Bible and (2) that he had a female African sex-slave concealed in a secret room in his mansion verifies that his words concerning **“God-given inalienable rights”** were anti-Christian, satanic lies of his mind/heart, and which terms were meant to be eventually obscured and/or undermined even as his mind and heart full of claymasonic, devangelartactical strategies, such as the satanic versarticles hidden in plain sight within the U.S. secular national constitution.

**Conclusive evangel/arguments:
runicon, or ruin-icon?**

It's your choice, and by which choice you will engineer your future here, and/or at least eternally hereafter.

This artwork with loose concrete “stones” is intended to signify, in its unfinished state, two types of prophecies: The first is **predictive prophesy**, or the foretelling of events which seem, in most cases in the Old Testament of the Bible to consist of warnings from God through a prophet foretelling some chastisement or disaster that will befall the Israelites or a city, such as Nineveh, if they did not repent of their wickedness; that is, repent of the ungodly choices they were making as a result of their lack of knowledge of the **Vision of God's Word**, and/or due to their having only worldly mis-guidelines and misinformation,

such as that with which secular media dependent people today are currently (09/03.2022) bombarded, and which is diabolically “orchestrated” by the evil one:

The second type of prophesy pertains to a gift of the Holy Spirit (**1st Corinthians 14:1,3,4,5,17,24**): He writes of our need to be motivated by charity and to employ this type of prophesy to **edify** (build up spiritually), **exhort**, and **console** one another. We thereby serve to influence each other to make choices which engineer the best of futures here and/or at least ETERNALLY hereafter:

By understanding the contrasting meanings and aims of each ruin-icon and runicon these artworks can serve as a means of focusing our futures with the **Vision of God’s Word/Kingdom of God/Christ Jesus** rulership in you: These ruin-icons and runicons are a means by which to recognize the distinctions between good and evil means of influence of motivation to choose what is good or evil in our employment of our **God-given lives, divine rights, and seven universal resources**. This Vision-based evangelartform is a means whereby to **prophesy**, that is, to engineer our future here and/or at least hereafter by choosing to make the right, moral, love-motivated/charity-verified faith expressions in our stewardship of creation

in service to God and the eternally common good of all.

(Here are **Divine Vision-scope Code-lenses** by which to correctly focus on the concept of “service” i.e., **Matthew 4:10; Luke 4:8; 16:13; John 12:26; Galatians 5:13**) That is, service to God by means of making godly provision to one another (in accord with His will) who are receptive to the same godly End, employing the same creature-means whereby to serve that End, which is God and His will as it concerns and requires prudent provision of both the material resources each of us need as defined by the spiritual, or Vision-criterial guidelines of God, and not to merely gratify creature appetites and actual needs, but whereby to experience and manifest the kingdom of God in terms of employing all good things motivated by **Christ’s (love) in us**. (**2nd Corinthians 13:5**)
